Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 28 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy with rain then showers, heaviest in the west.

This Evening and Tonight:
Band of rain, often heavy, across Wales, western and northern England will move slowly eastwards overnight, whilst turning more showery in the west. Clear spells and a few showers in the far north and northwest. Windy in the south.

Friday:
Further rain moving north-west across many areas through the day, along with a spell of strong winds. This followed by sunny spells and scattered showers.

Outlook for Saturday to Monday:
Unsettled with bands of rain and showers, heavy at times, and often windy. Some bright or sunny spells also. Temperatures around average for the time of year.
